End Application:

Used on the balance bobweight elevator for the c-141 acft

Link Style:

Straight

Body Construction:

Solid

Special Features:

First end has threaded hole drilled into the end 0.2701 in. Diameter 1.500 in. Deep, 0.3125-24 unjf-3b thread x 1.25 in. Deep; second end has hole 0.3125 in. Diameter through perpendicular to cl of link

Material (non-core):

Steel, cast

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A52410
