Criticality Code Justification:

Zzzy

Special Features:

Head width: 0.310, head style: wide slot, slot size: 0.093 dr x 0.062, shank style: threaded, thread diameter: 0.250, thread pitch: 28, thread series: unf, thread class: 2a

Material:

Stainless steel

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
