Overall Length:

8.200 inches

Overall Height:

8.200 inches

Overall Width:

1.490 inches

End Application:

Drive assembly, electrohydraulic, ammunition feed f-15

Housing Material:

Aluminum alloy

Special Features:

6 holes

Material Specification:

Mil-a-21180 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A522y0

Mil-std (military Standard):

Mil-a-21180 spec.
