Width:

2.550 inches

Overall Length:

2.550 inches

Bore Inside Diameter:

Between 0.501 inches and 0.502 inches

Special Features:

Gbolt hole: qty-2 or 3 or 8, shape-round, size-0.125 in. & 0.136 in. & 0.086-56 unc-2b; distance from bore ctrline to base bottom, 0.437 or 1.556 in.; c to c distance between bolt holes, irregular; plate, gear

Material:

Aluminum alloy

Material Specification:

Qq-a-250/11, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524a0
