End Application:

Close in weapon syste (ciws-phalanx)

Housing Material:

Aluminum alloy

Special Features:

5.375 in. From c to c; 4 holes, 0.276 in. Dia

Material Specification:

Mil-a-21180, alloy a356.0, class 11, temper t6 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A522y0

Mil-std (military Standard):

Mil-a-21180 spec.
