Overall Width:

16.0 millimeters

Bore Diameter:

10.0 millimeters

Bore Length:

5.0 millimeters

Bore Type:

Plain straight

Center To Center Distance Between Link And Shaft Holes:

160.0 millimeters

Shaft End Thickness:

5.0 millimeters

Link End Thickness:

5.0 millimeters

Link End Hole Diameter:

8.0 millimeters

Special Features:

Cross drilled hole, 2 mm dia, thru bore

Material:

Steel

Material Specification:

Aisi 303 assn standard single material response

Surface Treatment:

Passivate

Style Designator:

Flat, two hole link end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524p0
