End Application:

Used on the rear axle of heavy equipment; 2320-01-304-2277 pls (palletized loading system), 2320013189902 het (heavy equipment transporter)

Product Name:

Ring and pinion assembly

Special Features:

Material steel; length 175 mm; diameter 273 mm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A522e0
