Effective Length:

84.000 inches

Core Construction:

Wire rope

Flexible Conduit Material:

Steel

Core Processed End Connection Type:

Adjustable threaded adapter

Flexible Conduit Outside Diameter:

0.094 inches

Travel Distance:

1.000 inches

Features Provided:

Adapter and fixed mounting shoulder and rotary adjustment provision

Core Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524c0
