Overall Width:

0.562 inches

End Application:

2350-00-140-5151

Bore Type:

Plain straight

Shaft End Thickness:

0.844 inches

Link End Hole Diameter:

0.313 inches

Features Provided:

Link end threaded hole

Material:

Aluminum alloy

Material Specification:

Qq-a-601, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524p0
