Overall Length:

1.463 inches

End Application:

Pacer special

Teeth Quantity:

66

Gear Outside Diameter:

3.204 inches

Diametral Pitch:

20

Shaft Type:

Shouldered

Pressure Angle:

20.0000 degrees

Shaft Material:

Steel comp e9310

Gear Material:

Steel comp e9310

Gear Location On Shaft:

Midpoint between ends of shaft

Special Features:

High reliability item; 3 holes drilled threw gear 0.190 in. Dia

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503n0
