Spline Minor Diameter:

0.553 inches

Spline Major Diameter:

0.685 inches

Outside Diameter:

0.685 inches

End Application:

Helicopters, black hawk uh-60a; lamps markiii sh-60b; electronic countermeasures eh-60a

Teeth Quantity:

12

Spline Length:

0.983 inches

Spline Type:

Internal

Material:

Plastic polyamide

Material Specification:

Ams3670/1 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A514d0
