First End Style:

Square (round corners)

End Similarity:

Identical

Overall Length:

10.750 inches

First End Width Across Flats:

Between 0.3080 inches and 0.3100 inches

First End Diameter:

Between 0.3080 inches and 0.3100 inches

Criticality Code Justification:

Feat

First End Step Length:

5.375 inches

Surface Finish:

125.0 microinches

Special Features:

Flight safety critical

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
