Linear Actuating Cylinder Assembly - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-01-365-3005>

Bore Diameter:

69.85 millimeters

Overall Diameter:

82.55 millimeters

Compressed Length:

860.60 millimeters

Extended Length:

1550.60 millimeters

Integral Valve Operation Method:

Hydraulic

Design Characteristics:

Single acting single cylinder

First Piston Rod End Style:

Internal threaded

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
