Body Material:

Steel

Tempurature Rating:

Not rated

Body Outside Diameter:

2.000 inches

End Application:

Electric forklift truck, raymond corporation, model 040-r4tn

Compressed Length:

16.000 inches

Extended Length:

21.500 inches

Pressure Rating:

Not rated

Features Provided:

Piston rod

Design Characteristics:

Double acting single cylinder

First Piston Rod End Style:

Fork type (clevis)

Mounting Type And Location:

Bearing cylinder head end

Port Location And Quantity:

1 cylinder head end1 piston rod end

Special Features:

Includes a stop p/n 126-000-066 to limit piston rod extension

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
