Linear Actuating Cylinder Assembly - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-01-375-7484>

Body Material:

Steel

Bore Diameter:

6.000 inches

End Application:

Container hauler mk18

Compressed Length:

93.000 inches

Extended Length:

169.000 inches

Integral Valve Operation Method:

Hydraulic

Design Characteristics:

Double acting single cylinder

Special Features:

Right hand tilt cylinder

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A34200
