First End Style:

Plain

End Similarity:

Not identical

Second End Style:

Hexagonal

Overall Length:

21.380 inches

End Application:

3910-01-376-0431

Second End Diameter:

0.4375 inches

Special Features:

Shaft is a hex bar, first end has washer welded to end, second end has hole through .09 in.

Material:

Steel comp 1018

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23200
