Shouldered Shaft - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/3040-01-388-5812

First End Style:
Plain
End Similarity:
Not identical
Second End Style:
Threaded cross drilled (thru hole)
Overall Length:
117.0 millimeters
End Application:
2320-01-324-5915
First End Diameter:
30.0 millimeters
Second End Diameter:
19.0 millimeters
Second End Distance From Hole Center To End:
10.0 millimeters
Step Quantity:
2
Largest Step Diameter:
30.0 millimeters
Special Features:
Hole through 7.9mm
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A23200
