First End Style:

Plain

End Similarity:

Identical

Overall Length:

54.000 inches

First End Diameter:

1.8750 inches

Special Features:

Four holes along length of shaft, 1.500 in from each end, 19.720 in.Denter of end holes to centers of second holes, 11.560 in.From center to center of second holes

Material:

Stainless steel

Material Specification:

Astm a-276, cond a assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
