Body Construction:

Solid

Special Features:

1 inch thick, 13.50 inch long, 6 ea threaded holes through .7500-16unf-28, 6 holes through .395-400 inch diameter

Material (non-core):

Aluminum alloy, 6061, t6, aluminum association standard

Material:

Aluminum

Surface Treatment (non-core):

Chemical film, mil-c-5541

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A52410
