First End Style:

Plain

End Similarity:

Identical

Overall Length:

105.250 inches

End Application:

2040-II-hb3-6940

First End Diameter:

0.3080 inches

Surface Finish:

125.0 microinches

Special Features:

Tubing; with hole through end to end

Material:

Steel comp 304 or steel comp 316 or steel comp 321 or steel comp 347

Material Specification:

Astm a-269 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
