Linear Actuating Cylinder - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-01-407-9375>

**Mounting Provision:**

Unthreaded mounting holes

**Overall Length:**

161.312 inches

**Bore Diameter:**

3.495 inches

**End Application:**

W/s seawolf class ssn

**Mounting Facility Circle Diameter:**

6.000 inches

**Mounting Provision Arrangement Style:**

Six hole bolt circle

**Mounting Type And Location:**

Flange cylinder base

**Mounting Facility Diameter:**

7.250 inches

**Special Features:**

Material is nickel-copper alloy

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A34200
