Linear Actuating Cylinder - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-01-407-9375>

Mounting Provision:

Unthreaded mounting holes

Overall Length:

161.312 inches

Bore Diameter:

3.495 inches

End Application:

W/s seawolf class ssn

Mounting Facility Circle Diameter:

6.000 inches

Mounting Provision Arrangement Style:

Six hole bolt circle

Mounting Type And Location:

Flange cylinder base

Mounting Facility Diameter:

7.250 inches

Special Features:

Material is nickel-copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A34200
