Overall Length:

152.620 inches

End Connection Type:

Threaded

Special Features:

Material document and classification: qq-n-286, form 2, cond anl, 1st end 2.497 in.Od with 1.001 in.Dia through hold, 2nd end internally thd; used in fairing hoist cylinder assemblies an/bra-34's/esm/periscope, seawolf class submarine

Material:

Nickel alloy

Thread Size And Series/type Designator:

2.500-12 un

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A525x0
