**First End Style:**

Unthreaded cross drilled

**End Similarity:**

Identical

**End Application:**

Weapons system ja, nimitz class cvn 72 & 73

**First End Hole Diameter:**

0.1250 inches

**Special Features:**

Cold drawn steel; 1 required for elevator platform assembly

**Material:**

Steel

**Material Specification:**

Aisi-c-1018 assn standard single material response and qq-s-631 (1018) federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23200
