Linear Actuating Cylinder Piston Rod - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-01-415-6626>

Overall Length:

102.870 inches

End Application:

Weapons system seawolf class ssn

End Connection Type:

Threaded

Special Features:

1st end 1.001 in.Thru drilled hole; 2nd end internally thd, 0.380 in.Deep and drilled 2.630 in.Deep; used on fairing hoist cylinder assembly, an/bra-34's/esm/periscope; 2.873 in nom dia

Material:

Nickel and copper and aluminum

Thread Size And Series/type Designator:

2.250-12 un

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A525x0
