First End Style:

External threaded

End Similarity:

Identical

Overall Length:

2.500 inches

End Application:

Weapons system ev, truck, fire crash p-23

Step Quantity:

3

Special Features:

Shaft oscillatory control for the control assembly, electric roof turret p-23

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
