Overall Length:

7.500 inches

Outside Diameter:

7.500 inches

Thickness:

0.125 inches

Mounting Hole Diameter:

6.500 inches

Mounting Hole Quantity:

4

Aperture Diameter:

5.000 inches

End Application:

Stream (std. Tensioned replenishment at sea method)

Special Features:

Mounting holes 60.0 degrees apart in two places; mounting hole diameter 0.797 in.

Material:

Steel

Shape:

Round

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A524m0
