First End Style:

External threaded

End Similarity:

Identical

Overall Length:

6.230 inches

End Application:

Hh-60j tow bar axle

First End Diameter:

0.3040 inches

First End External Thread Length:

0.607 inches

Second End Diameter:

0.3040 inches

Second End External Thread Length:

0.607 inches

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23200
