End Application:

Navy weapons systems jp, supply class aoe

Features Provided:

Internal check valve and piston rod

Integral Valve Operation Method:

Hydraulic

Design Characteristics:

Double acting single cylinder

First Piston Rod End Style:

Bushing type

Port Location And Quantity:

1 cylinder head end

Special Features:

Hydraulic assembly for kalamazoo model 7aw metal cutting saw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
