**End Application:**

Navy weapons systems jp, supply class aoe

**Features Provided:**

Internal check valve and piston rod

**Integral Valve Operation Method:**

Hydraulic

**Design Characteristics:**

Double acting single cylinder

**First Piston Rod End Style:**

Bushing type

**Port Location And Quantity:**

1 cylinder head end

**Special Features:**

Hydraulic assembly for kalamazoo model 7aw metal cutting saw

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A34200
