**Spline Major Diameter:**

Between 1.715 inches and 1.750 inches

**Spline Quantity:**

13

**End Application:**

Weapons system supply class aoe

**Operation Method:**

Hydraulic

**Mounting Method:**

Spline

**Installation Location:**

Left hand front and right hand front

**Special Features:**

Input hydraulic motor, pilot hole diameter 6.50 in., output gear reducer, pilot hole 6.00 in., torque 12, 000 lbs

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T129-b
