Spline Major Diameter:

Between 1.715 inches and 1.750 inches

Spline Quantity:

13

End Application:

Weapons system supply class aoe

Operation Method:

Hydraulic

Mounting Method:

Spline

Installation Location:

Left hand front and right hand front

Special Features:

Input hydraulic motor, pilot hole diameter 6.50 in., output gear reducer, pilot hole 6.00 in., torque 12, 000 lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T129-b
