Overall Length:

10.410 inches

End Application:

Weapons system wasp class

Special Features:

Id 2.00 in., used on general arrangement lhd-1 aircraft elevator door system, unidynamics/st louis inc.

Material:

Steel

Material Specification:

Astm a513 type 5 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23200
