Center To Center Distance Between Link And Shaft Holes:
5.600 inches
Shaft End Thickness:
0.920 inches
Link End Thickness:
Between 0.330 inches and 0.350 inches
Material:
Aluminum alloy
Material Specification:
Qq-a-367, comp 2014, t6 federal specification single material response
Style Designator:
One hole tongue link end, securing hole shaft end
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A524p0
