**Material Thickness:**

2.520 inches

**End Application:**

F/a-18 hornet, c-2a reprocurd aircraft.

**Pivot Pin Hole Diameter:**

0.188 inches

**Length From Pivot Pinhole Centerline To Point Of Engagement:**

1.065 inches

**Special Features:**

Surface finish: passivated; depth from pivot pinhole centerline to point of engagement: 0.408 in.Nom; weapon system essential.

**Material:**

Steel

**Style Designator:**

Two holes, pivot opposite lower hook, angled arm

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A524q0
