Overall Length:

15.250 inches

Body Diameter:

0.630 inches

Body Thickness:

0.187 inches

End Application:

Lm2500 machinery control systems

Link Style:

Vertical offset

Body Construction:

Solid

Material:

Stainless steel

Material Specification:

Qq-s-763 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A52410
