Effective Length:

750.000 inches

Flexible Conduit Material:

Plastic

End Application:

Control system, back-up aircraft elevator actuator

Core Diameter:

0.480 inches

Flexible Conduit Outside Diameter:

0.540 inches

Travel Distance:

2.000 inches

Core Material:

Stainless steel

Special Features:

Gray vinyl covering over ball bearing cable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524c0
