Overall Length:

37.8125 inches

Body Width:

1.500 inches

Body Thickness:

0.375 inches

End Application:

Wasp class lhd

Link Style:

Straight

Body Construction:

Solid

Special Features:

Part of rh watertight door: two arc cutaways in edge

Material:

Steel

Material Specification:

Astm a108, gr 1018 assn standard single material response

Surface Treatment:

Zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
