Overall Length:

6.062 inches

End Application:

Upper stage elevvator hatch covers

Special Features:

First end threaded 9unc-3a, second end 3 in. Dia., item is shouldered

Material:

Steel

Material Specification:

Mil-n-3182 military specification all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A517c0

Mil-std (military Standard):

Mil-n-3182 spec.
