Overall Length:

3.8125 inches

Body Diameter:

0.7500 inches

Body Width:

1.5000 inches

Body Thickness:

0.6250 inches

End Application:

Used on wasp class lhd, doors wtqa 26"

Body Construction:

Solid

End Attachment Style:

B2

End Attachment Hole Diameter:

1.1875 inches both ends

End Attachment Length:

0.7500 inches both ends

End Attachment Width:

1.5000 inches both ends

Product Name:

Connecting rod tog link

Material:

Steel

Surface Treatment:

Zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
