Overall Length:

3.340 inches

Body Width:

0.750 inches

Body Thickness:

0.750 inches

End Application:

Helicopter, attack mode

Link Style:

Straight

Body Construction:

Solid

Product Name:

Stowage rod

Special Features:

Surface treatment anodize iaw mil-a-8625, type 111, class 2 (nickel acetate seal), .003 in thick, black finish; nha 3392as301

Material:

Aluminum alloy

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
