**Overall Length:**

0.733 inches

**Outside Diameter:**

Between 0.915 inches and 0.925 inches

**Thickness:**

Between 0.053 inches and 0.073 inches

**Mounting Hole Diameter:**

Between 0.120 inches and 0.125 inches

**Mounting Hole Quantity:**

3

**Aperture Diameter:**

Between 0.325 inches and 0.335 inches

**End Application:**

Integrated sight assembly

**Product Name:**

Washer, panel

**Special Features:**

Nha p/n 13496624 used on m2/m3-a20ds; mounting hole center circle 0.668 in.; round shape with flat 0.106 in. From centerline of 2 mounting holes; color black; anodize per mil-a-8626 type iii class 2; surface finish 125 microinches; material documentation qq-a-200/8 6061-t6

**Material:**

Aluminum alloy

**Shape:**

Round

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A524m0
