Overall Height:

0.500 inches

Cam Width:

1.438 inches

Specific Use:

Part of hydraulic valve actuator

Camlength:

1.438 inches

Features Provided:

Keyway

Special Features:

Bore 0.502 in. Nom. Dia

Material:

Nickel alloy

Material Specification:

Qq-n-281, cl a, fm 1, cd hf (as hf) federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A50800
