End Application:

Sh-2g (nz)

Link Style:

Eye ends

Body Construction:

Tubular

Product Name:

Rod assembly control (directional)

Special Features:

Assy consists of rod end assembly (2), adapter (2), tube (1), nut (2), rivet (4); nha pn k653701

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52410
