Effective Length:

288.000 inches

Core Construction:

Single wire

End Application:

Aegis weapon system

Core Diameter:

0.075 inches

Core Processed End Connection Type:

Adjustable threaded adapter

Flexible Conduit Outside Diameter:

0.344 inches

Travel Distance:

3.000 inches

Core Material:

Stainless steel

Special Features:

Clamp type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A524c0
