Body Material:

Steel

Bore Diameter:

3.119 inches

End Application:

Rotary hydraulic actuator models 30096a and 30078a; seawolf

Product Name:

Small cylinder sleeve

Special Features:

Material per astm a519, grade 1018/1026, cds mech tubing; chrome plate id per qq-c-320, cl.2, except plating thickness to be .001-.001

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A34200
