Linear Actuating Cylinder Piston Rod - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/3040-01-479-5387>

Overall Length:

11.480 inches

End Application:

Linear hydraulic actuator model la31il (interlock)

Operation Method:

Hydraulic cylinder

End Connection Type:

Threaded

Product Name:

Piston rod

Special Features:

Material per astm a564, alloy s17400, type 630, cond h1100

Material:

Stainless steel

Thread Size And Series/type Designator:

7/16-20 unf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A525x0
