**First End Style:**

Flat keyway

**End Similarity:**

Identical

**Overall Length:**

8.455 inches

**End Application:**

Aegis weapon system

**First End Keyway Width:**

0.0600 inches

**First End External Keyway Length:**

3.250 inches

**First End Keyway Depth:**

0.500 inches

**First End Diameter:**

Between 1.1920 inches and 1.1970 inches

**Surface Finish:**

125.0 microinches

**Product Name:**

Shaft, spring tension

**Special Features:**

With 2 grooves and shallow slot in center

**Material:**

Stainless steel

**Material Specification:**

Ams 5643, alloy 17-4ph assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23200
