First End Style:

Plain

End Similarity:

Identical

Overall Length:

1.120 inches

End Application:

B1b aircraft

First End Diameter:

0.3730 inches

Second End Diameter:

0.5000 inches

Product Name:

Shaft, torque tube-stairladder

Material:

Steel comp 304

Material Specification:

Qq-s-763, alloy 304, cond a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23200
