**First End Style:**

External threaded

**End Similarity:**

Not identical

**Overall Length:**

5.0100 inches

**End Application:**

Enterprize class cvn-65

**First End Diameter:**

0.8750 inches

**First End External Thread Length:**

1.412 inches

**Step Quantity:**

3

**Special Features:**

2nd end base 3.0000 in. Wide x 3.5000 in. Long x 0.6300 in. Thick. Dog spindle used on 66 x 72 hrwt door.

**Material:**

Steel

**Material Specification:**

Dod-f-24669/1 cr 8620 military specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23200

**Mil-std (military Standard):**

spec.
